Date: August 19, 2009

FOR IMMEDIATE RELEASE

THEFTS FROM VEHICLES

Franconia Township Police are attempting to identify the persons who broke into numerous vehicles during the early morning hours of Tuesday, August 18, 2009.

Fifteen residents of the Banbury community reported that they found the glove boxes and consoles in their vehicles had been entered. While most victims reported nothing missing, three persons found that a navigation system, credit cards, and a battery jumper box had been removed from their vehicles.

The incidents occurred on Sherwood Court, Chester Court, Norfolk Court, and Middle Park Drive. Because all of the entered vehicles were left unlocked, police are urging residents to remove personal items and valuables each night and then securely locking their vehicles.
