Dear Parent/Guardian,

Today was the fifth lesson in the D.A.R.E. curriculum, and continued our discussion about alcohol. The goals of this lesson are to help children evaluate alcohol advertisements and their impact on young people, identify the harmful effects of inhalants and identify alternatives to using alcohol, tobacco and other drugs. Your child:

- Looked at alcohol advertisements and how they try to influence young people
- Identified alcohol advertisements in our community
- Learned about the harmful and deadly effects of inhalants
- Played a game to review the health consequences of drug abuse, and to discover healthy alternatives to drug abuse

This letter is the only homework assigned in D.A.R.E. this week.

Some possible topics for you to discuss with your child are:

- How do alcohol advertisements try to influence young people(This can be done with TV commercials)
- How do inhalants harm you
- What are some alternatives to drug abuse

Please sign this letter and have your child bring it back to school.

Parent/Guardian

Next week's lesson is "Friendship Foundations". We will be learning about peer pressure and what makes a person a friend.

Please feel free to contact me if you have any questions.

Sincerely,

David A. Klepfer / Tim Boyle
School Resource Officer/D.A.R.E. Officer
