

FRANCONIA TOWNSHIP
POLICY FOR RIGHT-TO-KNOW LAW REQUESTS

OVERVIEW

Amendments to Pennsylvania's Right-to-Know Law, 65 P.S. § 667.101, et seq. ("Act"), became effective on January 1, 2009. The following policy establishes the procedure by which Franconia Township ("Township") will address requests made to it for records under the Right-to-Know Law.

1. Appointment of Open Records Officer

- a. The Board of Supervisors of Franconia Township hereby designates the Township Manager as the Open-Records Officer to handle requests under the Act. The Open-Records Officer shall be responsible for:
 - i. Receiving requests under the Act,
 - ii. Directing requests to others within the Township for purposes of information-gathering
 - iii. Tracking the Township's progress in responding to requests, and
 - iv. Issuing interim and final responses under the Act.
- b. The Open-Records Officer, upon receiving a request for a record, as defined under the Act, shall:
 - i. Note the date of receipt of the written request,
 - ii. Determine the day on which five business days shall pass from receipt of the request,
 - iii. Maintain an electronic or paper copy of written requests, together with documentation submitted with the request, and
 - iv. Create a file for retention of the request, the response, and other correspondence with the requester.
- c. If a request is denied, the written request and its file will be maintained for at least thirty (30) days, but if an appeal is filed, the request and its file will be retained until a final determination is issued or the appeal is deemed denied.

2. Posting Requirements

- a. The Township shall post the following at the municipal building, and on the website:
 - i. Contact information for the Open-Records Officer (including location address, email address and telephone number).
 - ii. Contact information for the Pennsylvania Office of Open Records.
 - iii. A form which may be used for filing a request under the Act.
 - iv. Township regulations, policies and procedures relating to the Act.

3. Requests for Records

- a. Any request made to the Township under the Act, if the requester chooses to retain his or her rights and remedies under the Act, shall be in writing and meet the following procedural requirements:
 - i. Provide a name and address to which a response to the request can be sent.
 - ii. Specifically identify the record(s) requested, with sufficient specificity to enable the Township to ascertain which records are being requested.
 - iii. State whether the requester is a legal resident of the United States or a Commonwealth, local, judicial or legislative agency.
- b. “In writing,” as referred in subparagraph (a) above, includes written requests submitted in person, by mail, by e-mail or by facsimile.
- c. Requesters may submit requests under the Act on either the uniform form adopted by the Pennsylvania Office of Open Records, or under a form developed by the Township and made available on the Township website or at the municipal building.
- d. Any failure to provide a name and address shall render the request administratively incomplete. The Township shall not be required to respond to an administratively incomplete request.
- e. Right-to-Know requests must be sent or delivered to the Township by one of the following approved methods of transmission: (1) United States mail, (2) courier, (3) express delivery, (4) overnight delivery, (5) hand-delivery, (6) facsimile, or (7) e-mail. No other form of transmission is permitted.

FRANCONIA TOWNSHIP – RIGHT-TO-KNOW POLICY

f. The Township may accept verbal requests for records, but the requester will not be afforded the rights and remedies provided under the Act.

g. Right-to-Know Requests must be sent or delivered to:

Franconia Township
Open Records Officer
671 Allentown Road
Telford, PA 18969

h. Right-to-Know Requests received by the Township after the close of regular business hours shall be deemed to have been received by the Township on the following regular business day. This shall include any facsimile or email transmission received after regular business hours. The regular business hours of the Township are 8:00 a.m. to 4:00 p.m., Monday through Friday, excluding holidays.

4. Township Response to Requests for Records – Procedural

a. A Right-to-Know Request may be denied if it does not identify the records requested with sufficient specificity.

b. In conducting an initial review of a Right-to-Know Request, the Open Records Officer may, but is not required to, contact the requester to obtain additional information to assist the Township in responding to the request.

c. The Open Records Officer shall respond to the requester within five (5) business days from the date of receipt of the written request. A business day does not include Saturday, Sunday or a Federal, State or Township holiday. A business day also does not include any day when the Township offices are closed pursuant to a decision by management, an unanticipated event such as a natural disaster, or at the direction of a local, State or Federal agency or official. If the Open Records Officer does not respond within five (5) business days of receipt thereof, the request is deemed denied. For purposes of determining the end of the five-business-day period, the day a Right-to-Know Request is deemed received is not included in that determination. For example, if a Right-to-Know Request is received on a Monday, the Township's response is not due until the following Monday, assuming there is no intervening holiday or closure of the Township offices.

d. If, in response to a request, the Township produces a record that is not a record as defined under the Act, the Township shall notify any third party that provided the record to the Township, the person that is the subject of the record and the requester. Additionally, if a third party provided a record to the Township and the record included a written statement signed by a representative of the third party that the record contained a trade secret or confidential proprietary information, the Township shall notify the third party of a request for that record within five

FRANCONIA TOWNSHIP– RIGHT-TO-KNOW POLICY

business days of receipt of the request for the record. The third party thereafter has five (5) business days from receipt of notification from the Township to provide input on the release of the record. The Township shall then deny or release the record within ten (10) business days of the provision of notice to the third party and shall notify the third party of its decision.

5. Township Response to Requests for Records – Substantive

- a. Upon receipt of a written request for access to a record, the Township shall make a good faith effort to determine if the record requested is a record as defined under the Act, and whether the Township has possession, custody or control of the record, and shall respond as provided in subsection (b), below.
- b. The Township response shall consist of: (1) approval for access to the record, (2) review of the request by the Open-Records Officer, or (3) denial of access to the record requested. The Township may also partially deny the request, permitting review of some, but not all, of the requested records. This may apply where a record contains information which is subject to access as well as information which is not subject to access, in which case the Township's response shall grant access to the information which is subject to access and deny access to the information which is not subject to access. If the information which is not subject to access is an integral part of the public record, and cannot be separated, the Township shall redact from the record the information which is not subject to access, and grant access to the remainder of the record. The Township shall not deny access to the record if the information which is not subject to access is able to be redacted.
- c. If access to the public record is approved, all applicable fees shall be paid in order to receive access to the record requested. Thereafter, the public record shall be available for access in the Township's offices. The Open-Records Officer shall cooperate fully with the requester, while taking reasonable measures to protect the Township's records from the possibility of theft and/or modification.
- d. A response that constitutes a full or partial denial of a request will include the following:
 - i. A description of the record requested.
 - ii. The specific reasons for the denial, including a citation of supporting legal authority. If the denial is the result of a determination that the record requested is not a record under the Act, the specific reasons for the Township's determination that the record is not under the Act shall be included.
 - iii. The name, title, business address, business telephone and signature of the Township Open-Records Officer on whose authority the denial is issued.

FRANCONIA TOWNSHIP– RIGHT-TO-KNOW POLICY

- iv. Date of the response.
- v. The procedure to appeal the denial of access to the requested record.
- e. If the Township does not respond to the request within five (5) business days after a Right-to-Know request is docketed as having been received by the Township, a Right-to-Know request shall be deemed to have been denied and the request may file an appeal.
- f. A public record that is not in the possession of the Township but is in the possession of a party with whom the Township has contracted to perform a governmental function on behalf of the Township, and which directly relates to the governmental function and is not exempt under the Act, shall be considered a public record. A request for a record in possession of such third party shall be submitted to the Township Open-Records Officer, and upon a determination the record is subject to access under the Act, the Open-Records Officer shall assess a duplication fee as provided under the Act and, upon collection of the fee, remit the fee to the third party possessing the record if the third party duplicated the record.
- g. Upon receipt of a written request for access, the Open-Records Officer shall determine whether one of the following applies:
 - i. The request for access requires redaction of a public record.
 - ii. The request for access requires the retrieval of a record stored in a remote location.
 - iii. A timely response to the request for access cannot be accompanied due to bona fide and specified staffing limitations.
 - iv. A legal review is necessary to determine whether the record is a record subject to access under the act.
 - v. The requester has not complied with the Township's policies regarding access to records.
 - vi. The requester refuses to pay applicable fees authorized by this act, or
 - vii. The extent/nature of the request precludes a response within the required time period.

In the event one of the above seven situations apply, the Open-Records Officer shall send written notice to the requester within five (5) business days of receipt of the request, and such notice shall include a statement notifying the requester

FRANCONIA TOWNSHIP– RIGHT-TO-KNOW POLICY

that the request is being reviewed, the reason for the review, a reasonable date that a response is expected and an estimate of applicable fees owed when the record becomes available. If the expected response date is over thirty (30) days from the end of the five day period, the request shall be deemed denied unless the requester approves an extension in writing. In the event the requester approves the extension, the request is deemed denied on the day following the thirty-day period if the Township has not provided a response by that date.

- h. In the event the estimated cost of fulfilling a request submitted under the Act is expected to exceed \$100.00, the Open-Records Officer shall obtain fifty percent (50%) of the expected cost in advance of fulfilling the request to avoid unwarranted expense of the Township's resources. Unless prepayment is made by certified check, access will be denied until a regular check clears.
- i. If the request is denied or deemed denied, the requester may file an appeal within fifteen (15) business days of the mailing date of the Township's notice of denial, or within fifteen (15) business days of a deemed denial, with the Pennsylvania Office of Open Records. The appeal shall state the grounds upon which the requester asserts that the record is a record under the Act, and shall address any grounds stated by the Township for delaying or denying the request.
- j. The Township may deny a requester access to a record if the requester has made repeated requests for that same record, and these repeated requests have placed an unreasonable burden on the Township. Nonetheless, such denial will not restrict the requesters' ability to request different records.
- k. The Township may also deny a requester access when timely access is not possible due to fire, flood or other disaster, or when access to historical, ancient or rare documents, records, archives and manuscripts may, in the professional judgment of the curator or custodian of records, cause physical damage or irreparable harm to the record. However, to the extent possible, the contents of these records shall be made accessible to a requester even if the record itself is physically unavailable.
